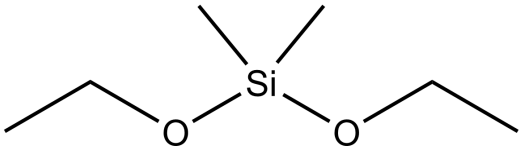
LANYACHEM
"The Chemistry We Serve"

YAC-N122

Diethoxydimethylsilane

CAS No. 78-62-6



Specifications:

Tests	Specification
Appearance	Colorless transparent liquid
Assay	≥99.50%
Ethyl alcohol	≤0.05%

Package: 170Kg/Drum

Application:

- Mainly used as a structure control agent in the preparation of silicone rubber, a chain extender for organosilicon products, and a raw material for the synthesis of silicone oil.

Storage: Keep the container tightly closed and store in a dry, ventilated place. Keep away from heat and fire.

Recommend Shelf Life: 12 months.
